

2009 – 2010 Sponsorship Opportunities

The Team Needs Your Support

Hockey has played a dominant role on the sports scene of the Southwest Coast for decades. With the generous support of our region's business community, we can all witness the triumphant return of competitive hockey to Newfoundland's Hockeyville.

The level of community pride and support has never been stronger. In order to keep building the hockey tradition of the Southwest Coast, the Port aux Basques Junior Mariners need your support.

As you can appreciate, significant resources are required to operate a team in the fast-paced, high-flying, hard-hitting Central West Junior Hockey League. Only a small portion of the required revenues come from ticket sales. Therefore, significant revenues have to be generated through fund-raising and sponsorship.

For this inaugural season, we are taking a prudent and organized approach to generate revenue. In addition to game day activities and additional fundraising efforts we hope to undertake during the season, we are turning to the business community to show their support.

The management committee is committed to providing significant return for your sponsorship dollar – ensuring a win-win situation for both the team and our sponsors. Through your investment you can be assured that you will receive significant value and return – while supporting the Port aux Basques Junior Mariners.

2009-2010 Sponsorship Opportunities

The following tables outline the main sponsorship opportunities available, and summarize the direct benefits that sponsors will realize for the upcoming season. The values indicated can constitute EITHER CAPITAL OR IN-KIND CONTRIBUTIONS to the team. If you have any additional suggestions, please let us know. We want to ensure you receive tremendous value for your sponsorship dollars!

www.gomarinersgo.ca
